**A must to have on hand - high performance SUBARU portable generator for the great outdoors!**

This Model R1700i portable power pack will ensure trouble free holidaying, camping, caravanning, boating and 4WD driving when you need it. Operates all the basics such as caravan freezers, lights, TV's, radios, fans, etc., with the added bonus of inverter technology which ensures constant stable power for computers and precision instruments.

It provides quiet operation and runs on 4 stroke petrol, so there is no mixing of fuel required.

### Features:

- Controls on one panel
- Optimum cooling system
- Large silent muffler
- Oil sensor protection
- 12 volt DC battery charging
- 4 stroke unleaded fuel
- auto power saving function

### Ideal Power for:

- Portable Power Source
- Emergency Stand-by
- Mobil Emergency Service
- Factory & Plant Maintenance
- Anywhere Power Is Needed in the Field
- Small Business
- Fire & Police Emergency
- Construction Sites
- Farming
- Holiday homes, boats, camping
