Gianni Ferrari

INTRODUCING the NEW GTM160 GRASS COLLECTION MOWER A COMMERCIAL-GRADE MOWER

Strength, technology, performance, operator comfort and manoeuvrability are the unparalleled features of all **Gianni Ferrari** products.

The GTM is a commercial grass collecting ride-on mower that combines high range technical features and specifications, with a maximum width of only 85 cm.

The 80cm cut, 280 litre grass collector, powerful motor and a reinforced hydrostatic transmission make the GTM a lawnmower with a high production and performance level.

The excellent cutting quality and high collecting capacity place the GTM in the forefront among small sized professional machines.

Four way deck compatible, Mulching, Side Discharge, Rear Discharge, Grass Collection.

Premium engine technology – Fitted with a high specification overhead valve Twin Cylinder 16hp Vanguard Engine featuring full pressure-lubrication and oil filter, and dual filtering element air filter.

Weight – 260kg. Length – 6'9" (202cm) Width – 34" (85cm) Height – 4' 1" (122cm)

32 inch (85cm) cutting deck with the ability to trim on both sides – To assist mowing in any yard.

Swing-back blades – to lessen impact damage, and for easy replacement or sharpening.

Hydrostatic transmissions – Foot-controlled, high quality with one inch axle shafts, and 4-bolt flanged wheel hubs

Sump Guard – A 5mm thick steel sump guard protects the transaxle from possible impact damage

Press-forged Steel Front axle with Teflon-coated replaceable bushes – for incredible strength and precision

Ergonomic Steering-wheel with knob control - Soft-grip, with one-hand steering swivel knob

High-back seat – for operator comfort

Billet Steel machined pulleys – for extended pulley life

Twin front and rear deck rollers – to virtually eliminate scalping and assist with that perfect finish

Large range of cutting heights – for numerous applications, including a very low setting

A hose attachment port – makes cleaning under the deck a breeze

280 litre catcher – for less emptying. Plus it is gas spring assisted for ease of dumping from the seat.

Catcher full buzzer – lets the operator know when it is time to empty the catcher.

Removable hopper bottom – To enable rear discharge.

19 litre fuel tank – for extended mowing time

Digital hourmeter – keeps a record of usage, and indicates when it is time to service the mower.

Twin Headlights – When the job runs overtime, and dark is setting in.

Single point height adjuster – unique, and easily accessible.

Large rounded turf tyres – for improved traction, and less risk of lawn damage.

Optional Side Discharge or Mulching Kits – for the versatility needed by contractors.

Storage compartment – for drinks, tools etc.

Commercial or Domestic Warranty - 2 years

\$7,550 (Price includes assembly and pre-delivery)
