Husqvarna®

338XPT Commercial CHAINSAW

A well balanced, light weight, high precision tree care chainsaw with a a unique arbour grip handle with textured grip and integrated lanyard eyelet.

39cc * 14 inch Bar * 52 Links of 91 type chain * 1.7kw * 3.5kg w/o Bar & Chain

X-TORQ – This engine design increases torque over a wider rpm range, providing increased cutting power and lower emissions.

Air purge – Designed for easy starting.

Smart Start – Auto Decompression valve and spring assisted to reduce the resistance in the starter cord by 40%.

Combined choke/stop control – This allows for easier starting and reduces the risk of engine flooding.

Low Vib – Highly effective anti-vibration dampeners absorb vibration.

Air injection – Centrifugal air cleaning system for reduced wear and longer time between air filter cleaning.

Quick release on air filter cover – No tools required to remove air filter cover.

Snap-lock cylinder cover – Saves time when changing spark plugs and cleaning.

Inertia activated chain brake – If a kickback occurs and the tip of the bar is forced upwards, the inertia of the front guard should activate the chain brake instantly.

Vibration dampened carburetor – Allows the engine to run smoother and with less need for adjustments.

Adjustable Oil Pump – Allows adjustment of bar and chain oil for various applications.

Side-Mounted Chain Tensioner – makes chain adjustment quick and easy
