Husqvarna®

357XP Commercial CHAINSAW

For professional people who demand a lot from their saw. The combination of raw power and a slimline body produces the highest possible efficiency with the least possible effort.

56.5cc * 18 inch Bar * 72 Links of 21 type chain * 3.2kw * 5.5kg w/o Bar & Chain

Smart Start – Auto Decompression valve and spring assisted to reduce the resistance in the starter cord by 40%.

Combined choke/stop control – This allows for easier starting and reduces the risk of engine flooding.

Low Vib – Highly effective anti-vibration dampeners absorb vibration.

Air injection – Centrifugal air cleaning system for reduced wear and longer time between air filter cleaning.

Quick release on air filter cover – No tools required to remove air filter cover.

Snap-lock cylinder cover – Saves time when changing spark plugs and cleaning.

Inertia activated chain brake – If a kickback occurs and the tip of the bar is forced upwards, the inertia of the front guard should activate the chain brake instantly.

Vibration dampened carburetor – Allows the engine to run smoother and with less need for adjustments.

Adjustable Oil Pump – Allows adjustment of bar and chain oil for various applications.

Side-Mounted Chain Tensioner – makes chain adjustment quick and easy

Global No. 1 in the manufacture of Chainsaws
