Husqvarna®

455 Rancher Landowner CHAINSAW

Large capacity chainsaw for heavy duty Landowner requirements.

55.5cc * 18 inch Bar * 72 links of 21 type Chain * 2.6kw * 5.8kg w/o Bar & Chain

Start reminder – A decal placed on the top cover reminds you of the correct starting sequence for easy starts.

Combined choke/stop control – This allows for easier starting and reduces the risk of engine flooding.

Air purge – Designed for easy starting.

Air injection – Centrifugal air cleaning system for reduced wear and longer time between air filter cleaning.

X-TORQ – This engine design increases torque over a wider rpm range, providing increased cutting power and lower emissions.

Smart start decompression valve – The engine & starter have been designed so that the machine starts with 40% less effort.

E-TECH II – This represents the latest developments in low emission engine technology.

Low Vib – Highly effective anti-vibration dampeners absorb vibration.

Inertia activated chain brake – If a kickback occurs and the tip of the bar is forced upwards, the inertia of the front guard should activate the chain brake instantly.

Vibration dampened carburetor – Allows the engine to run smoother and with less need for adjustments.
