## Husqvarna®

### **BZ27XP DIESEL ZERO TURN MOWER**

The BZ series, Husqvarna's largest and most equipped commercial Zero Turn mower, sets the standard in performance, productivity and comfort when the job involves extra large areas. These mowers feature a low centre of gravity, reinforced front caster assemblies, a powerful and efficient liquid-cooled diesel engine, high performance cutting decks, premium suspension seats, ergonomic system controls and industry leading anti-vibration technology.

- Advanced engine technology** – Fitted with a high specification 27 hp 3 Cylinder Daihatsu diesel engine with external oil filter.
- Heavy duty canister style air filter** – This provides the ultimate in air filtration via a remote dual cartridge system.
- Versatile cutting techniques** – Choose between side-discharge, Bio-clip,(mulching), or catching and a choice of 61 inch and 72 inch side discharge, "Tunnelram" cutting decks, fabricated from 7 guage,(3.6mm thick), or 61 inch "COMBI" decks, pressed from 7 guage steel. The unique "COMBI" deck can easily be converted to rear discharge.
- Cutting height adjustments** – Adjustable in ¼ inch increments for minor adjustments on a variety of lawns.
- Dual Hydrostatic Transmission** – Hydro-gear variable displacement axial piston design pumps with Parker/Ross wheel motors
- Hydraulic Oil Filter** – Filters the oil before it reaches the pump to ensure that only clean oil enters the system.
- Electric PTO** – Easy engagement of cutting blades. Simply pull the switch on the control panel.
- Adjustable high-back premium suspension seat with armrests** – Seat quickly adjusts forward and down, or backwards and up, plus "dial-a-weight" settings for various operators. Also, with adjustable steering levers for further operator comfort.
- Heavy duty deck spindle assemblies with large sealed bearings** – For extreme work loads, less maintenance, and long life.
- Greaseable heavy duty front castor wheels** – Necessary for the high workload item on the zero-turn mowers.
- High quality 4 ply turf tyres** – for improved traction, and less risk of lawn damage.
- Cup holder** – Convenient cup-holder for refreshments during operation.
- Digital Hourmeter** – Keeps a record of usage, and indicates when it is time to service the mower.
- Steel cutting height adjustment** – Foot assisted and easily accessible.
- Uni-frame** – One piece chassis for greater strength, end extra long front pan area for much greater leg room.
- Anti scalp deck rollers** – Middle and both sides of the deck at the front and both sides at the rear to avoid grass scalping.
- Foldable ROPS** – Roll-Over-Protection-System increases operator protection for normal conditions.

**\$22,300 with 61 Inch Tunnelram Deck.**
