Husqvarna®

LZ30 – 30hp 61 or 72 inch deck ZERO TURN MOWER

The largest chassis and horsepower in the petrol range, built for commercial use and providing incredible productivity, and excellent cutting results. Featuring the exclusive “Combi” (mulching) cutting decks, or the Trademark “Tunnelram” decks

Advanced engine technology – Fitted with a high specification overhead valve, Commercial-grade 30 hp Twin Cylinder Kohler engine with external oil filter.

Heavy duty canister style air filter – This provides the ultimate in air filtration via a remote dual cartridge system.

Versatile cutting techniques – Choose between the 62 inch or 72 inch side-discharge **“Tunnelram”** cutting decks, which feature triple-rolled edge design. The deep tunnel and main deck assembly, fabricated from 7 gauge, (3.6mm thick) steel, are joined via two rolled edges to form a backbone of incredible strength. or the 61 inch **Combi** deck, pressed from seven gauge steel. The unique **Combi** deck can easily be converted to rear discharge.

Cutting height adjustments – Adjustable in ¼ inch increments for minor adjustments on a variety of lawns.

Dual Hydrostatic Transmission – Hydro-gear variable displacement axial piston design pumps with Parker/Ross wheel motors

Hydraulic Oil Filter – Filters the oil before it reaches the pump to ensure that only clean oil enters the system.

Electric PTO – Easy engagement of cutting blades. Simply pull the switch on the control panel.

Adjustable high-back sliding suspension seat with armrests – With built-in anti-vibration and retractable seat-belt, plus, “dial-a-weight” settings for various operators. Also the seat adjusts forward and down, or backwards and up.

Heavy duty deck spindle assemblies with large sealed bearings – On the 61 inch Combi deck, for extreme workloads, less maintenance, and long life. And Automotive style tapered roller bearings on the Tunnelram Decks.

Greaseable heavy duty front castor wheels – Necessary for the high workload item on the zero-turn mowers.

High quality 4 ply turf tyres – for improved traction, and less risk of lawn damage.

Cup holder – Convenient cup-holder for refreshments during operation.

Digital Hourmeter – Keeps a record of usage, and indicates when it is time to service the mower.

Steel cutting height adjustment – Foot assisted and easily accessible.

Uni-frame – One piece chassis for greater strength, and longer front pan area for greater leg room.

Adjustable steering levers – For individual operator comfort.

Anti scalp deck rollers – All around the deck at the front and both sides at the rear to avoid grass scalping on undulating land.

Foldable ROPS – Roll-Over-Protection-System increases operator protection for normal conditions.

\$17,950 with 61 inch Tunnelram Side Discharge Deck

\$19,100 with the 72 inch Side Discharge Deck

\$19,600 with the 61 inch Combi Deck
