Husqvarna®

SC18 TURFCUTTER

A high capacity turf-cutter that is easy to use, and the only model in the world with four-wheel drive

Cutting width 46cm

Cutting Depth 60mm

Powered by a 5.5hp Honda GX160 OHV engine – Providing excellent reliability

Two-stage air filter – Less chance of engine dusting

Automatic decompression – This system means less force needed to start the engine.

Electronic Ignition – Provides a strong spark for easier starts and smoother running.

Automatic oil guard – This is an automatic safety shutdown of engine on low oil level.

Patented four-wheel drive – For increased stability and traction, plus it simplifies loading ramps.

Forward and reverse gearbox – Four forward, one reverse, makes manoeuvrability easy for the operator.

Ergonomic handles – for operator comfort

\$6,499

Warranty – 2 year Domestic use – 1 year Commercial use
