The **KYMCO** name may not be well-known in Australia at present. You can be sure that it will be very soon. Internationally however, **KYMCO** sells over 520,000 units per annum to meet world-wide demand. That's one every 55 seconds. **KYMCO** has been awarded the World Manufacturing Quality Assurance rating ISO 9001. **KYMCO** started production of engines and components in 1963, so they have gained an enviable reputation for quality and innovation over forty years. The fact that **KYMCO** manufactures BMW's HIGH-TECH G450X Enduro engine is testament that you can buy **KYMCO** products with confidence.

It's fair to believe that BMW has staked its own reputation on it.
