## shindaiwa

### 22T – 2 STROKE STRAIGHT SHAFT BRUSHCUTTER

Straight shaft trimmer with easy-advance, double line semi-automatic trimmer head

- Powerful 21.1cc 4.2kg Japanese built Shindaiwa 2-stroke engine
  - Forged full crankshaft and connecting rod, with open-caged needle bearings - Hallmarks of superior quality
  - One-piece transistor ignition system - Means easy starts every time.
  - Barrel-valve carburetor - For all-position use.
  - Primer bulb – Purges old fuel from carby for easy starting.
  - Stainless steel tank guard - Helps protect the fuel tank from damage
  - Large 2-shoe clutch – Large face area for smooth, positive engagement of trimmer head.
  - Four Bearing heavy duty gear-case with helical gears - For smooth power transfer.
  - One-piece muffler – No joints to ensure long, trouble-free operation.
  - Convenient ON/OFF switch – For easy access.
  - Rubber handle grip- To minimise vibration for operator comfort.
