## shindaiwa

### 357P CHAINSAW – 2 YEAR WARRANTY

Specialised low noise top handle arborist saw with extra power and balance making it an ideal "in-tree" saw.

**35.5cc \* 12 inch Bar \* 91VS Chain \* 1.3kw \* 4.1kg w/o Bar & Chain**

- \* Japanese quality – Shindaiwa-built premium engine.
- \* Light weight, heavy duty aluminium crankcases with machine mated surfaces – No gaskets, so no gasket leaks.
- \* Durable Chrome plated cylinder with 2 piston rings – For extended engine life and higher compression.
- \* Forged 3 piece crankshaft and con-rod with needle roller bearings at each end – For much extended engine life.
- \* U.S.F.S.-approved, ultra-quiet muffler – Fire safe and noise reduced.
- \* Fully adjustable, automatic, clutch driven oil pump – Does not oil at idle to eliminate waste.
- \* Air purge – Designed for easy starting.
- \* Spring tension assisted starting system – Provides easy to pull starting.
- \* Oversize starter handle – Provides comfortable, easy to grasp handle.
- \* Combination choke and half throttle lock – Provides easy starting and returns to idle when throttle lever is activated.
- \* Turbo Port air injection system - For greater cooling efficiency.
- \* Walbro all position carburetor – Chainsaw can be operated at various revs and angles.
- \* Aluminium front handlebar with rubber grip – For operator comfort.
- \* Top handle balanced design with rubber grip – Provides superior operator comfort.
- \* Throttle located at balance point of saw – designed for optimum convenience during operation.
- \* Glass-filled nylon handle – for greater durability
- \* Full anti- vibration system with rubber mounts - Highly effective anti-vibration dampeners which absorb vibration.
- \* Easy access air filter – Lessens cleaning time.
- \* Dual post inertia activated chain brake – Automatically activated by reactive forces, or manually activated by operator.
- \* Adjustable Oil Pump – Allows adjustment of bar and chain oil for various applications.
- \* Side-Mounted Chain Tensioner – makes chain adjustment quick and easy
- \* 45 degree chain angle adjusting screw – Provides easy access for chain tensioning.
- \* Captive oil cap – The oil cap has a retaining link to avoid losing it.
