SHINDAIWA EB802 COMMERCIAL 2 STROKE BLOWER

Introducing Shindaiwa's newest back-pack blower, the EB802, featuring Shindaiwa's usual high quality engine. This commercial-grade blower provides remarkable performance with low engine noise, low emissions, and excellent fuel economy.

- 79.2cc - 11.4 kg (with standard tubes)
- Uses 50:1 fuel ratio – for excellent fuel economy
- Vertical pleated air filter - promotes self-cleaning
- See-through fuel tank – allows easy assessment of fuel level
- Fuel cap retainer – reduces the chance of using the fuel cap
- Chrome plated cylinder with two piston rings – for greater power and longer life
- Walbro purge pump rotary carburetor - for fast starts and superior acceleration
- Easy access air filter – for easy servicing
- Comfortable rubber coated grip – for operator comfort
- Low noise levels – causing less inconvenience in noise sensitive areas
- Excellent fuel economy – due to the oil ratio and engine design
- Output is an incredible air velocity of 307kmh, and air flow of 730 CFM. (21cu.mt/min)

5 Year Domestic /

2 Year Commercial Warranty

\$1,199
